Experience Genova is also discover the several souls that compose it. The fishermen and vacation villages in the East and West Riviera, with houses and picturesque glimpses, and the ones in the hinterland, with their untouched traditions.

The stage images and the views, appreciated also as film set, are the frame for an intense cultural life.

WHY CHOOSE

GENOVA

The city itself has many enviable characteristics and strong points that make it unique for such purposes. With its abundance of museums, theatres, palaces, archives and libraries, it is truly a city of art: so much that "Le Strade Nuove and the System of the Palazzi dei Rolli" were recognised by the UNESCO World Heritage List.

Genova, the site of one of the largest European aquariums, is of course the perfect destination for sun and sea lovers too. All venues are situated in excellent locations near the city centre, combining the unique features of the port and sumptuous historical buildings with the latest technology.
